

I am writing to urge that you oppose any efforts of the National Association of Broadcasters to limit content on XM Satellite Radio or other such services. I subscribe to this service because commercial radio does not offer what I want. For example, nowhere on commercial radio in my area can I find a station which offers 24 hours a day of Broadway music. I am thrilled with the quality and diversity of Xm's programming and I feel strongly that I should be able to continue hearing it.
